

CLINTON COUNTY ROAD COMMISSION

Managing Director: Douglas Steffen

Board Members: Gail A. Watkins
Michael J. Frederick
Kevin P. Holt

Construction Notice Airport Road Reconstruction

Where: Airport Rd – Grand River Ave to Herbison Rd

When:

Phase 1 – Clark Rd to Herbison Rd – September 9th to October 18th, 2025

Phase 2 – Grand River Ave to Clark Rd – March to August 2026

What is being done: The Clinton County Road Commission (CCRC) will be reconstructing Airport Road, including traffic signal upgrades at Clark and Stoll intersections, sight distance improvements at Mesa Verde Blvd, widened paved shoulders and roadside drainage improvements throughout the project.

Why is this being done: The improvements are necessary to ensure safe, reliable, and efficient travel for all roadway users in the Airport Rd corridor. The existing roadway is deteriorated and does not meet current design guidelines based on current and future traffic volumes.

How will this impact the community:

Motorists should anticipate traffic congestion and delays within the project vicinity during construction. Local traffic with a destination within the construction limits will be maintained, however it may be periodically restricted due to construction activities. Residential access will vary depending on the timing and location as the work progresses throughout the project. Please plan your travel routes and times carefully to account for probable traffic delays.

Your patience with the road construction project will be greatly appreciated, CCRC understands the work is disruptive to the community, businesses, schools, property owners, and township services. However, the disruption is temporary, and every effort will be made to construct the project in an efficient manner to reduce impacts to the community.

Anticipated work areas and dates:

Phase 1: Airport Rd – Clark to Herbison – September 9th to October 18th, 2025

Airport Rd will be closed to through traffic between Clark Rd and Herbison Rd. Clark and Herbison intersections remain open. Posted detour route Clark to Schavey to Herbison. Work scope includes mill & fill asphalt resurfacing, shoulder widening and hill cut.

Road will be fully closed between Mesa Verde Blvd and the entrance to the Conquest Fitness complex, no vehicle access through this area due to excavation work.

Local access for residents & businesses on Mesa Verde Blvd and Sedona Pkwy will be maintained from the south (Clark Rd) only. Vehicles will not be able to enter or leave Mesa Verde Blvd to the north (Herbison Rd)

Local business access to the Conquest Fitness complex will be maintained from the north (Herbison Rd) only. Vehicles will not be able to enter or leave to the south (Clark Rd).

Airport Rd and I-69 remain open south of Clark Rd during Phase 1
