

CLINTON COUNTY ROAD COMMISSION

Managing Director: Douglas Steffen

Board Members: Gail A. Watkins
Michael J. Frederick
Kevin P. Holt

Anticipated work areas and dates: (continued)

Phase 2: Airport Rd – Grand River Ave to Clark Rd – March to August, 2026

Start and end dates to be determined, additional notices and detour maps will be distributed by CCRC prior to work starting in 2026.

Airport Rd will be closed to through traffic between Grand River Ave and Clark Rd. Local access for residents within the work limits will be maintained. The Grand River Ave intersection will remain open. Port Lansing Rd, State Rd, Stoll Rd, Earnest Way, and Clark Rd intersections will be closed intermittently with local access only.

One-way traffic will be maintained between I-69 and Clark Rd during construction, with intermittent ramp closures.

An additional work phase may be added for traffic signal prep work prior to March 2026 start, traffic to be maintained with temp lane & shoulder closures, no detours during this time.

Accommodations:

CCRC will coordinate with local schools if any bus routes or stops need to be temporarily adjusted during construction, residents will be notified directly in advance of any changes. USPS mail service will be maintained throughout the project, mailbox locations may be temporarily relocated to accommodate USPS driver access. Trash services will be maintained throughout the project, CCRC and the contractor will coordinate with local providers to maintain access. CCRC and the contractor will coordinate directly with police and fire to ensure emergency services are maintained.

Driveways may be inaccessible for limited periods during construction, but accommodations will be made for residents to park within the ROW as close to their property as possible. Please contact project staff if you need special accommodation or have other accessibility concerns during construction.

Any items within the road right-of-way, in the construction limits, including trees, landscaping, fences, underground dog fences, irrigation systems, etc., are subject to removal. CCRC is requesting residents relocate any such appurtenances before construction begins, please contact project staff if you have questions on items that may be impacted on your property. CCRC is not responsible for the salvage or replacement of these items.
